

Septic System & Well Use and Maintenance Workshop

presented by

MSU Extension & Macomb County Health Department

Tuesday, October 11, 2016

1:00 to 3:30 P.M.

Shelby Township Senior Center
51670 Van Dyke Rd., Shelby Twp.
(same building as Library and court; use back entrance)

OR

Wednesday, October 19, 2016

6:15 to 8:30 P.M.

Ray Township Senior Center
64255 Wolcott Rd., Ray Twp.

A faulty well or septic system can harm a family's health as well as threaten pets and wildlife, contaminate surface and groundwater and lower property values. This workshop will cover well construction and maintenance, water conservation, how a septic system functions, septic system maintenance, how to detect septic failure.

Participants will receive handouts on these topics.

Workshop is **FREE** but pre-registration is recommended due to limited seating

*To register: visit events.anr.msu.edu/septic-tank
